## **Introduction**

### **What is malpractice and maladministration?**

'Malpractice' and 'maladministration' are related concepts, the common theme of which is that they involve a failure to follow the rules of an examination or assessment. This policy and procedure uses the word 'malpractice' to cover both 'malpractice' and 'maladministration' and it means any act, default or practice which is:

- a breach of the Regulations
- a breach of awarding body requirements regarding how a qualification should be delivered
- a failure to follow established procedures in relation to a qualification

which:

- gives rise to prejudice to candidates
- compromises public confidence in qualifications
- compromises, attempts to compromise or may compromise the process of assessment, the integrity of any qualification or the validity of a result or certificate
- damages the authority, reputation or credibility of any awarding body or centre or any officer, employee or agent of any awarding body or centre (SMPP 1)

### **Candidate malpractice**

'Candidate malpractice' means malpractice by a candidate in connection with any examination or assessment, including the preparation and authentication of any controlled assessments, coursework or non-examination assessments, the presentation of any practical work, the compilation of portfolios of assessment evidence and the writing of any examination paper. (SMPP 2)

### **Centre staff malpractice**

'Centre staff malpractice' means malpractice committed by:

- a member of staff, contractor (whether employed under a contract of employment or a contract for services) or a volunteer at a centre; or
- an individual appointed in another capacity by a centre such as an invigilator, a Communication Professional, a Language Modifier, a practical assistant, a prompter, a reader or a scribe (SMPP 2)

### **Suspected malpractice**

For the purposes of this document, suspected malpractice means all alleged or suspected incidents of malpractice. (SMPP 2)

## **Purpose of the policy**

To confirm John Spendluffe Technology College:

- has in place a written malpractice policy which covers all qualifications delivered by the centre and details how candidates are informed and advised to avoid committing malpractice in examinations/assessments, how suspected malpractice issues should be escalated within the centre and reported to the relevant awarding body (GR 5.3)

## **General principles**

In accordance with the regulations John Spendluffe Technology College will:

- Take all reasonable steps to prevent the occurrence of any malpractice (which includes maladministration) before, during and after examinations have taken place (GR 5.11)

## Informing and advising candidates

All staff involved in the delivery of assessments and examinations will advise students of the risks of not following the rules and regulations set out by Awarding Bodies and JCQ the need to adhere to and how this can result in malpractice.

They are made aware that all work produced must be their own and they must reference sources used. They are also advised of the risk of using AI and how using this tool can result in malpractice if passed off as their own. Staff refer to the relevant JCQ Guidance, *AI Use in Assessments: Protecting the Integrity of Qualifications*, to support the students understanding of AI.
